

DOUBLE THE IMPACT: TWO SPECIAL SEWING MACHINES FOR THE PRICE OF ONE!

Sewing Change: Menstrual Hygiene and Empowerment for Women & Girls in Burundi

In Mwendo village, Burundi, a group of women (and a few men) are learning to sew reusable menstrual pads. This is a community-powered solution that supports health, education, and opportunity. Currently, the final step to finish the edging of each pad is being outsourced. Two special serger sewing machines will streamline the process and reduce production costs!

HELP REACH THE GOAL

\$ 1,200

Your Gift Today Will Be **DOUBLED**

A generous donor has pledged to match \$1,200 in donations. With your support, we can raise \$1,200 and unlock this match!

MAKE A GIFT

Why Does This Matter? With Initial Funding and Resources, this is Already the Tangible Impact:

- 500+ girls and women have received reusable sanitary pads
- Girls are missing fewer days of school
- Stigma around menstruation is being replaced with confidence and open dialogue
- Women are learning income-generating skills that benefit them and their community
- Community solutions are lifting up futures

Imagine What Could Be Possible With Two Specialty Sewing Machines!

This is more than sewing. It's dignity. Confidence. Connection.
Be part of the story. Help "sew" something meaningful.
